SUBJECT:

Uniform Secrecy Agreement

REFERENCE:

[REDACTED] Letter U-6721/RSS-4B,
Dated 2 November 1979

In response to the request in referenced letter, attached is a draft revision of Form 4066 which substantially simplifies the original language. This was prepared by an attorney on the General Counsel's staff here. It has not been coordinated for legal sufficiency or other considerations, and should be viewed only as a tentative step towards a form of agreement expressed in layman's language. We can discuss this at the 20 November working group meeting.
